TROY
UNIVERSITY

To Whom It May Concern,

Amit Kumar was in my employ as a student worker at Troy University. During that time period I found him to be very polite and trustworthy. He completed the task I gave to him in a timely manner and with accuracy. He has worthy skills in the use of computers.

I believe he would be a great asset to any business that needed a worker they could count on to do a good job, express the proper attitude and be punctual.

Sincerely,

Marci Shirley
